closing

ML & DL

Part 1

Python Basic Syntax
and Structure

Data Types &
Variables

Operators &
Expressions

Control Structures

Arrays

Functions and Modular
Programming

Strings

Pointers

Computer Science Fundamentals

Part 2

Introduction to OOP

Error Handling &
Debugging

Basic Algorithms and
Problem Solving

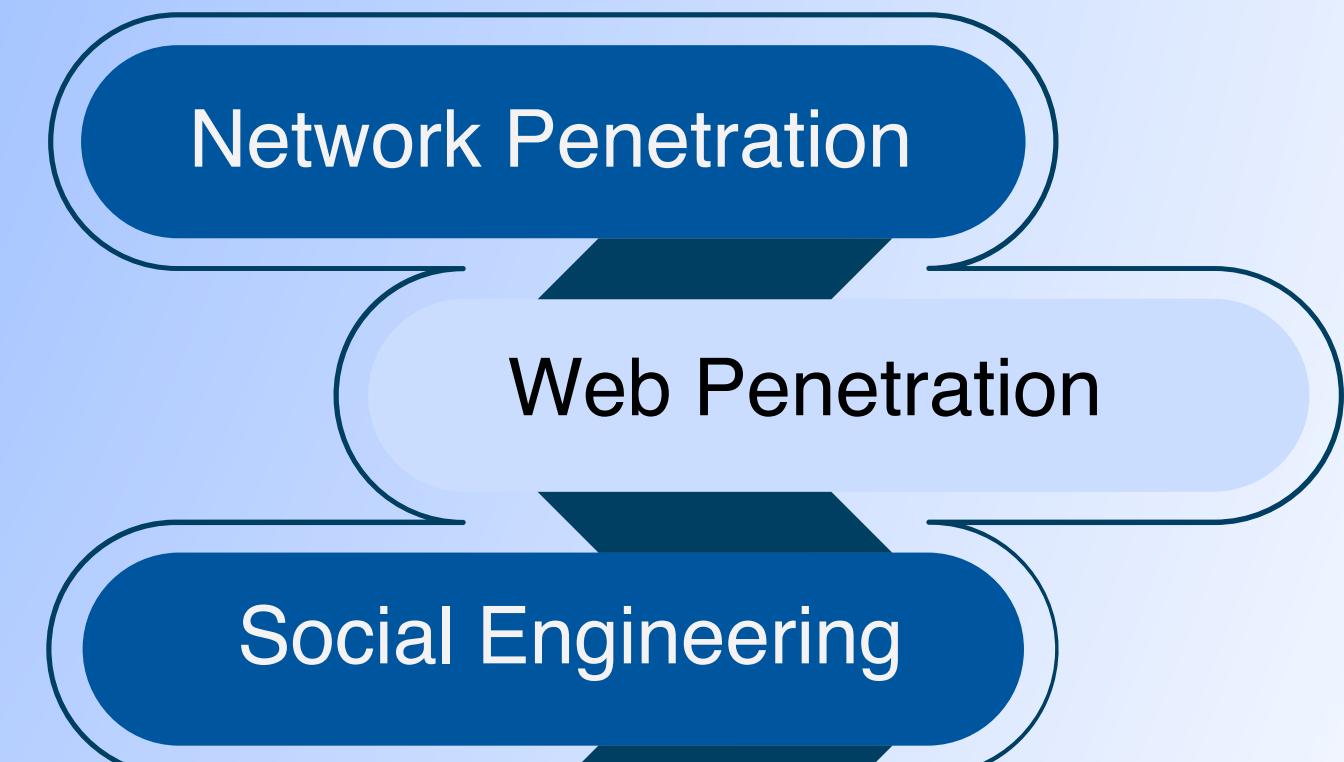

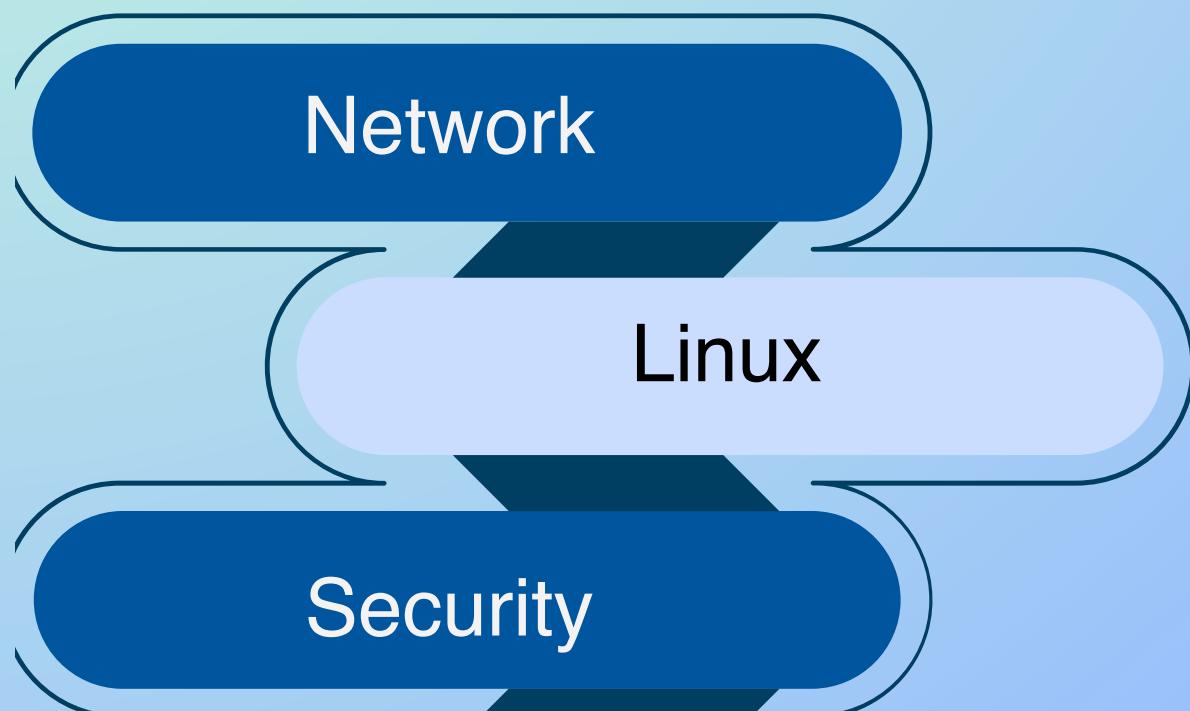

Introduction to
Data Structures

Introduction to Libraries
and Frameworks

Practices &
Coding Standards

Review &
Future Learning Paths

Cyber Security

Flutter

Dart

Async Programming

Widgets

State Management

Navigation

Networking

Architecture

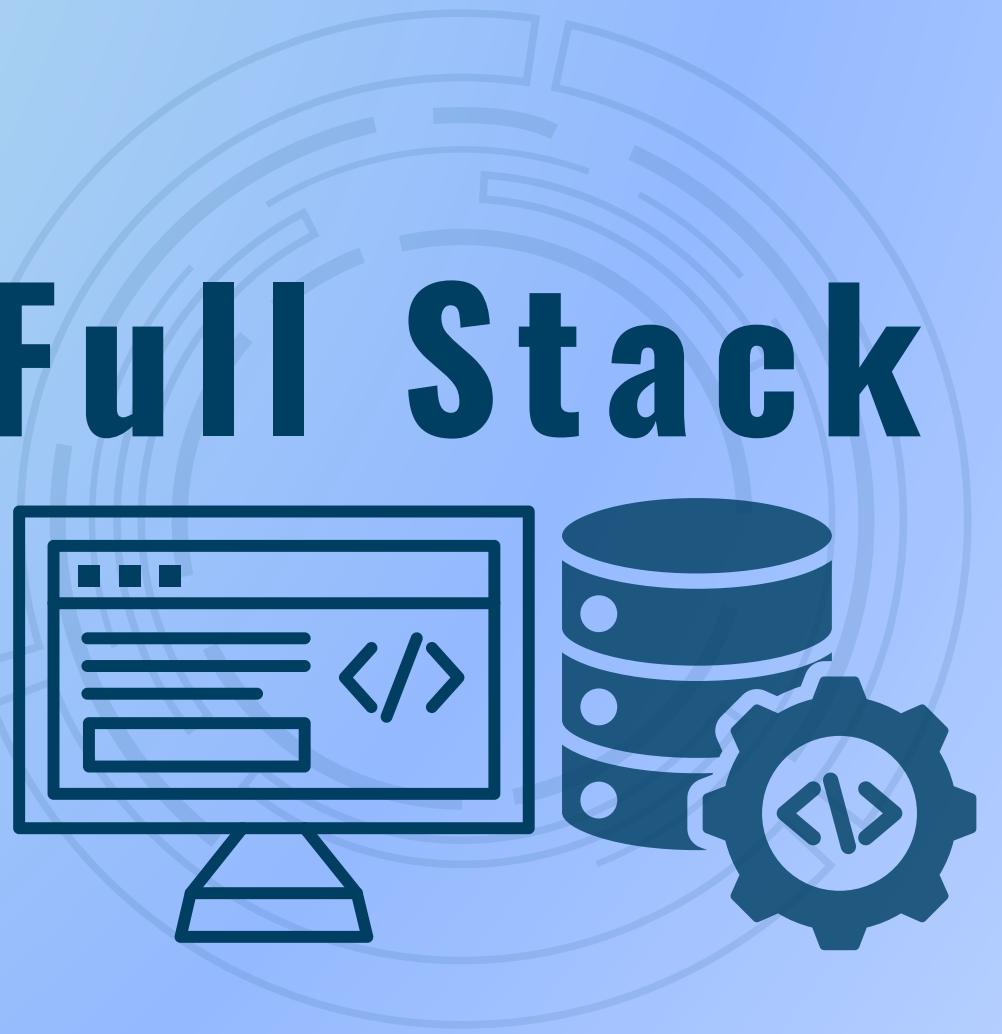

Offline Storage

Advanced Topics

Firebase

Animation

Final project

Full Stack

HTML

CSS

Java Script

Dom & Bom

JQuery

Adobe Xd

Introduction To UI/UX

Diagrams

Freelancing Tricks

GitHub & Slack

E-Commerce Website

Design UI

Who will be with you during the diploma?

- Explaining course content
- Assigning tasks

INSTRUCTORS

- Supporting & Guiding during the course
- Evaluating the tasks
- Supporting at the technical issues

MENTORS

- Supporting at the non-technical issues
- Attendance
- Feedbacks
- Payment by installments
- Certificates

HR'S

- Unsolved problems

MANAGMENT

Non-Technical tools:

- The students will find all the course Material uploaded on the class room

MATERIAL,TASKS
& QUZIES

- The HRs will take your feedback using the google forms
- you can send your attendance excuses on the form

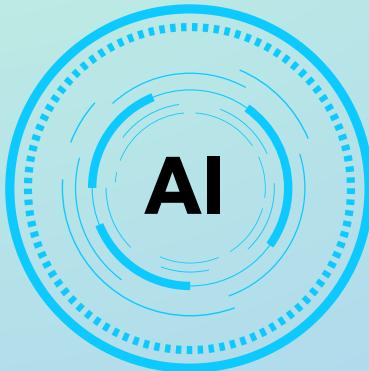

EXCUSES &
FEEDBACK

- v connect will be the platform where you will attend the online sessions

SESSIONS
